BUSINESS CHECKING

Every business needs one, but finding one that works with your business isn't always so easy. Except at CME. We have a business checking account that works just the way you want it to. The account includes FREE CME@Home online banking, Online Bill Payment, and E-Statements and E-Notices.

- It's great if you are just starting out or running a business out of a personal checking account.
- Open with just \$50. To avoid an early closure fee, the account must remain open for 180 days.

BUSINESS DEPOSIT ACCOUNTS

Prudent cash management also includes making the most on cash in excess of your working capital. At CME we have three great ways to help you do that.

- Business Savings is your basic savings account. Earn dividends on balances over \$100.
- Money Maximizer Money Market lets your savings earn more, without sacrificing liquidity. Keep a \$1,000 balance to earn great dividends.
- Business Share Certificates offer the highest available rates on insured savings.

BUSINESS CREDIT

- Mastercard Business Platinum Rewards is the easiest way to handle company purchases. It offers generous limits and no annual fee.
- Business Term Loans for short-term and long-term needs.
- Commercial Real Estate Loans for purchasing or refinancing a commercial or industrial property.
- Merchant Card Processing Services. Accept credit cards, debit cards, and electronic payments for your business.
- Business Line of Credit offers revolving credit lines of \$5,000 to \$250,000 with competitive rates for almost any general business need.
